

# Helsinki YMCA - free basketball schools - autumn 2011

Helsinki YMCA organizes free Hippo basketball schools for kids born in 2000-2006 and basketball schools for 1996-1999 born new players.

Schools are organized during September and will last for four weeks (weeks 36-39). The schools offer a possibility to get familiar with basketball very easily and with no commitments. The schools are an easy way to try a new hobby; you don't need earlier experience about basketball!

The schools are free of charge! The attendees get own basketball so all you need is gear suitable for indoor sports and water bottle. Note that the schools don't include insurance.

After all schools you can continue playing basketball in different teams of Helsinki YMCA.

## Hippo basketball schools at Pakila

*All schools at Pakila will be held in our own gym at Palosuontie 4 B*
